*Forty sweeping acres, inspiring Bauhaus architecture and some of the most incredible views in Aspen are home to the Aspen Meadows Resort, located in the historic West End of Aspen, and to The Aspen Institute. Playing host to some of the world's most prominent leaders, the property's unique mission: combine the mind, body and spirit in an inspiring locale. Open year-round and catering to meetings, events and guest stays, the Aspen Meadows Resort is an Aspen gem. And did we mention the food? Plato's is one of Aspen's most intimate restaurants, blending sustainable, classic-comfort cuisine, noteworthy wine and awe-inspiring views into a beautiful mélange.
